## CONNECT EBOOKS 2019

Author: Brian Foreman

Release Date: Expected @@expectedReleaseDate@@

Reaching our youth across the digital divide is a struggle for parents, ministers, and other adults who work with Generation Z—today's teenagers. While we work to keep up with digital advances, our youth, as digital natives and early adopters, learn on the go.

Reaching Youth Across the Digital Divide is not just about technology. Rather than focus on the tension between church and culture, Brian Foreman has provided insight for using the new communication tools to teach Generation Z the lessons of Christ. Reaching Youth Across the Digital Divide leads readers into the technological landscape, encourages conversations with teenagers, and reminds us all to be the presence of Christ in every facet of our lives.
