ABOLITION EBOOKS 2019

Author: Mark Olson

Release Date: ;Expected @@expectedReleaseDate@@

A nation's economy cannot be sustained when nearly one-third of its population has been wiped out. This is basic macroeconomics. This is what we have done through abortion in America. In the 1980s, President Reagan outlined a workable plan for legally abolishing abortion; this plan has yet to be followed. In a call to vision rather than reaction, ABOLITION charts a new course for the pro-life movement and challenges Christians in America to, as Charles Finney stated, "take right ground [in Politics]." u0026#34
